

LOCAL COMMUNITIES, GLOBAL NETWORKS

Australian Historical Association Conference

8-12 July 2019

The 38th Australian Historical Association (AHA) Conference invites submissions on the theme of *Local Communities, Global Networks*.

- How have the local and the global intersected, inspired and transformed experiences within and from Australia's history?
- How do the histories of Indigenous, imperial, migrant and the myriad of other communities and networks inform, contest and shape knowledge about Australia today?

We welcome papers from diverse fields of history for presentation at the AHA Conference hosted by the School of Arts and Communication, University of Southern Queensland at historic venues in the Toowoomba CBD in 2019.

International and national keynote addresses and plenary speakers to be advised soon. Website forthcoming.

CONVENORS

Catherine Dewhirst (Chair) | Libby Connors | Jayne Persian
